Hi Brooks,

Sorry I did not get back to you sooner but I've been on vacation. After your call, I updated the website page to include the following information about the comment periods:

Please note that the initial public comment period for the Revised Draft Permit for Merrimack Station was extended an additional 60 days from June 17, 2014 to **August 18, 2014**. All persons, including applicants, who believe any condition of the Revised Draft Permit is inappropriate, must raise all issues and submit all available arguments and all supporting material for their arguments in full by **August 18, 2014**, to the address listed below. In addition, Region 1 extended the **additional 35-day comment period by 30 more days during which any interested person may file a written response to the material filed by any other person**. This additional comment period begins **August 18, 2014 and ends October 22, 2014**. Public comments will be added to the Administrative Record in a timely manner to allow for review and response during the additional 65-day period.
